Programme – Games of the XXXII Olympiad

Dear President,

Over the last few months the IOC and International Federations have fruitfully worked together to produce the Olympic Programme Commission's report to the 125th IOC Session in Buenos Aires.

Today, the IOC Executive Board has made an important proposal regarding the 25 core sports (Annex I) for the Games of the XXXII Olympiad. It is my pleasure to inform you that Boxing, governed by AIBA has been proposed to form part of the sports core.

As provided under paragraph 2.1.2 of the bye-law to Rule 45 of the Olympic Charter, the final decision will be taken by the IOC Session in Buenos Aires.

We would like to take this opportunity to thank you and your International Federation for having completed the Olympic Programme Commission questionnaire. The IOC Sports Department will contact you shortly to finalise your section of the report.

With my best regards,

IOC President
